

UNIT SUMMARY

What is the unit about?

Once a strategic business plan has been developed and agreed, it needs to be put into action. This means: 'selling' the plan to the managers and other staff involved in putting it into practice; having agreed standards for measuring success; carefully monitoring the implementation of the plan and making adjustments along the way – a process that may need a lot of flexibility and openness to change.

For the purposes of this unit, an 'organisation' can mean a self-contained entity such as a private sector company, a charity or a local authority, or a significant operating unit, with a relative degree of autonomy, within a larger organisation.

Who is the unit for?

The unit is recommended for senior managers.
