D17	6	11	E17	9	9	F17	9	6
						F18	(Imported)	
						F19	(Imported)	

* F4 was a replacement standard developed in 2008. The values given above should be used with the replacement standard. The previous version of F4 had a credit value of 12 and a level of 10.

** E14, F18 and F19 are imported standards which MSC were unable to find SCQF credit and level values for.
